## 10 YEAR LIMITED PRODUCT WARRANTY - SLIDE-A-WAY PATIO DOOR PRODUCT

Lincoln Wood Products, Inc. ("LWP") extends a limited warranty for ten (10) years from the date of manufacture, to the first occupant or resident of the structure subsequent to original product installation. LWP will replace or repair, at its discretion, any of its products found to be defective by virtue of materials or workmanship, provided notice is given to it within thirty (30) days from discovery of a defect. LWP may choose, at its discretion, to refund the original purchase price of a product if replacement or repair is not reasonably possible. LWP reserves the right to supply current design, which may not exactly match the original, in the event a product is discontinued or is otherwise unavailable. The warranty on replacement product will extend for the remainder of the warranty period of the original unit. The warranties in this document are the only warranties applicable to LWP slide-a-way patio doors. The warranties set forth herein may not be altered or amended by any individual either orally or in writing without the express written consent of LWP. This warranty is applicable only to product installed in the USA or Canada.

This limited warranty does not extend to:

1. Insulated Glass, Impact-Resistant Glass, Laminated Glass, Window Products or Standard Door Products (covered by separate warranty).
2. Product that is altered or abused, misused or installed in unusual, abnormal or extreme locations or situations or not in accordance with applicable building codes. Misuse of a slide-a-way patio door includes, but is not limited to, use on a part of a building without providing an adequate 8' overhang.
3. Products installed in structures that do not allow for proper management/drainage of moisture, such as Exterior Insulation Finish Systems (EIFS), also known as Synthetic Stucco.
4. Improper or incomplete finishing of all surfaces, interior and exterior, or failure to provide reasonable maintenance. All wood surfaces must be back primed on the top, bottom and sides with a quality primer prior to installation. Consult LWP Owner's Manual for finishing requirements.
5. Discoloration caused by weathering or water infiltration not related to a defect in the materials or workmanship of the product.
6. Damage to metal or clad surfaces caused by cleaning, powerwashing, brickwash, chemicals, salt, acid rain or airborne pollutants (corrosion-resistant hardware is available for coastal applications).
7. Condensation on doors and resultant water damage which occurs as a natural result of excess humidity.
8. Door hardware finishes are not warranted. All door hardware is warranted against defects in materials and workmanship for a period of ten (10) years.
9. Wood is a product of nature and may have variations in grain. Color variations when staining or painting product are not considered a defect.
10. Warpage of door panels beyond one (1) year from date of manufacture and/or less than 1/4" in the plane of a door itself (not in relation to frame and/or jamb). LWP reserves the right to require a period of one (1) year with the door in place before honoring any warpage claim as doors often revert to plane as they adjust to the environment.
11. Rattling of Internal Grilles within an airspace.
12. Products not installed on-site by a Slide Works Certified installer pursuant to LWP installation instructions.
13. To argon fill rates or energy efficiency of units containing argon gas after product installation as argon gas may deplete over time due to circumstances beyond Lincoln's control.
